

PUBLIC NOTICE
AIRPORT CONCESSIONS DISADVANTAGED BUSINESS ENTERPRISE
PROGRAM (ACDBE)
PRESCOTT REGIONAL AIRPORT(PRC)

In accordance with Title 49 Code of Federal Regulations Part 23, the City of Prescott, Prescott Regional Airport (PRC), has established a proposed ACDBE goal for Federal Fiscal Years (FFY) 2023-2025 at Prescott Regional Airport. As part of this goal setting process, PRC is informing the public of the following proposed ACDBE goals:

ACDBE Goal for Non-Car Rental Concessions: (100% - Race Neutral)

The proposed goal is 0%. Prescott Regional Airport currently has no Non-Car Rental Concessionaires that produce the \$200,000.00 gross annual income threshold, that would trigger the development of an ACDBE goal for non-car rental concessions. This concession status will be reevaluated, as new concessions opportunities are developed by PRC.

ACDBE Goal for Car Rental Concessions: (100% - Race Neutral)

The proposed goal is 0.5%. This Goal is based upon the availability of ACDBE firms to perform the work as compared to the total number of available non-ACDBE firms in the study region. PRC analyzed ACDBE firms registered in the AZUTRACs database to determine availability with car rental relevant NAICS codes and determined the base goal for Car Rental Concessions at PRC.

The objective of the ACDBE Program is to provide equal access to concessions opportunities at PRC and to achieve a level playing field for certified ACDBE firms that could realistically expect to compete in the absence of discrimination. As such, PRC will accept written comments related to this ACDBE goal for 30-calendar days, starting on July 16, 2023.

Written comments should be sent to Christiana Papa, Airport Concessions Disadvantaged Business Enterprise Liaison (ACDBELO), at Prescott Regional Airport - Ernest A. Love Field, 6630 Airport Avenue | Prescott, AZ 86301.

In addition, the Draft Plan will be available for review at the Administrative Offices of the Prescott Regional Airport and a notice of goal setting will be posted on their website at:
